IMPORTANT INFORMATION for consideration when nominating:

Selection with any team representing your country is an honour but it also comes with responsibility. Please ensure that you understand and agree with the 2022 HAMC Selection Policy and are aware of the 2022 Selectors Procedure (available on the master's website via Hockey Australia)

The estimated tour costs DO NOT cover airfares but do include land costs (not airport transfers), hotels and team contributions. Players must be aware that there may be additional costs involved; a draft budget will be handed to you when the team is announced. Players nominating must also be aware of all other conditions of nominations.

Players must attend a training camp held in Australia prior to the tournament the estimated cost for this is approximately \$450.00 (cost equalization) and is based on home players billeting interstate players. This has NOT been included in the estimated tour costs. Attendance at the training camp is compulsory. Training camps will be held at a suitable time given the tour program and you will be advised as soon as practical. Do not nominate for selection if you are unable to comply with these requirements.

Players will be responsible for their own flight arrangements. You will be responsible to be at the nominated team meeting point at the specified date and time.
